

NOTICE TO MARINERS

NO.3 – 2020

LOUGH FOYLE

ADMIRALTY CHART – 2511

ACOUSTIC ARRAY DEPLOYMENT

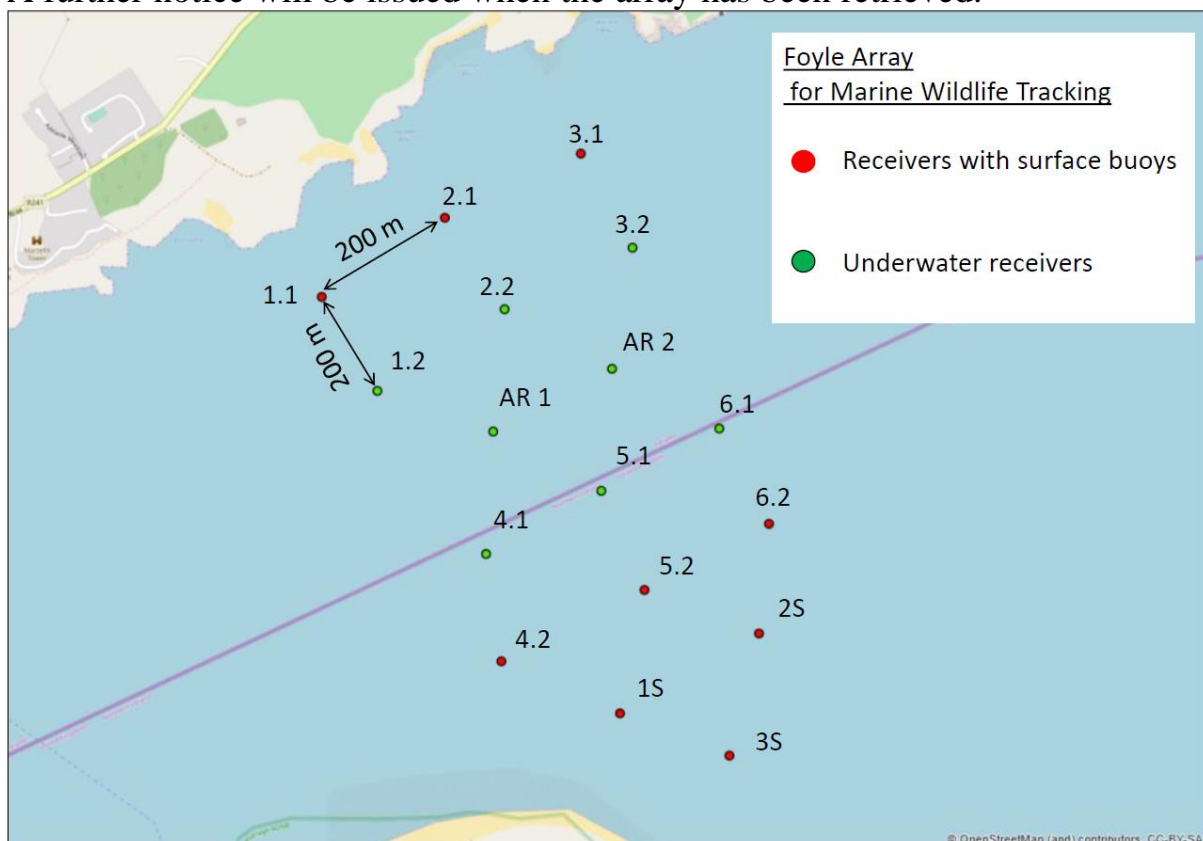

Notice is hereby given that an acoustic array has been deployed on the seabed between the Colaways and the Doris for the purpose of monitoring salmon smolt migration.

Receiver and buoy head positions are attached.

The receivers are 2m above the seabed.

All vessels are advised not to anchor in the vicinity or interfere with the transmitters.

A further notice will be issued when the array has been retrieved.

Capt Bill Mc Cann
Harbour Master
Foyle Port
