

NAVIGATIONAL SAFETY AND ENVIRONMENTAL PROTECTION POLICY

In compliance with the requirements of the Port Marine Safety Code, the Authority will discharge its general and specific statutory duties in respect of:

- The regulation of traffic and safety of navigation within Harbour limits;
- The conservancy of the Harbour and its seaward approaches;
- The protection of the environment within the Harbour and its surroundings; and
- Ensuring so far as reasonably practicable the safety at work of its employees and other persons who may be affected by its activities;

And for these purposes will:

- facilitate the safe movement of vessels and craft into, out of, and within the Harbour;
- carry out the functions of the Authority with special regard to their possible impact on the Environment;
- prevent acts or omissions which may cause personal injury to employees or others, or damage to the Environment;
- create and promote an interest and awareness in employees and others with respect to safety and protection of the Environment;
